In capital regimes, the terms *precarious* and *precariousness* have, since the 1970s, become associated with different forms of social justice. In the 1970s, the term *precarious* was often used to refer to the social conditions of the working class, particularly in the context of the New Left. In the 1980s, the term was used to refer to the social conditions of the working class, particularly in the context of the New Right. In the 1990s, the term was used to refer to the social conditions of the working class, particularly in the context of the New Right. In the 2000s, the term was used to refer to the social conditions of the working class, particularly in the context of the New Right. In the 2010s, the term was used to refer to the social conditions of the working class, particularly in the context of the New Right.
